

## Liste des travaux de Françoise Bergerat concernant le Bassin de Paris et publiés entre 2004 et 2010

MARTON E., CSONTOS L., MANSY J.L. et BERGERAT F. (2004) – Indication for counterclockwise declination deviation in the Cretaceous of the North Paris Basin. *Bull. Soc. géol. Fr.*, 175, 3, p. 249-255.

ANGELIER J., VANDYCKE S., BERGERAT F., GAVIGLIO P., SCHROEDER C. et COULON M. (2006) - Can belemnite distribution reveal pressure solution processes along faults ? A case study in the chalk of the Mons Basin, Belgium. *Journ. Struct. Geol.*, 28, 64-82.

SCHROEDER C., GAVIGLIO P., BERGERAT F., VANDYCKE S. et COULON M. (2006) - Faults and matrix deformations in chalk: contribution of porosity and sonic wave velocity measurements. *Bull. Soc. Géol. Fr.*, 177, 4, 203-213.

BERGERAT F., ELION P., FRIZON DE LAMOTTE D., PROUDHON B., COMBES P., ANDRÉ G., WILLEVEAU Y., LAURENT-CHARVET S., KOURDIAN R., LEROUGE G. et OTT D'ESTEVOU P. (2007) - 3D multiscale structural analysis of the Eastern Paris Basin : the ANDRA contribution. *Mém. Soc. Géol. France*, 178, 15-35.

GAVIGLIO P., BEKRI S., VANDYCKE S., ADLER P., SCHROEDER C., BERGERAT F., DARQUENNES A. et COULON M. (2009) – Faulting and deformation in chalk. *Journ. Struct. Geol.*, 31, 194-207.

MINGUELY B., AVERBUCH O., PATIN M., ROLIN D., HANOT F. et BERGERAT F. (2010) - Inversion tectonics at the northern margin of the Paris basin (northern France): new evidence from seismic profiles and boreholes interpolation in the Artois area. *Bull. Soc. Geol. Fr.*, 181, 5, 429-442.
